### **Presentations at National Meetings:**

1. The effect on cycle fecundity of increasing human menopausal gonadotropin dose in patients undergoing superovulation and IUI who demonstrate an initial poor response. Oral presentation. American Fertility Society, 1991. Washington DC.
2. Selected utilization of leuprolide acetate in women undergoing superovulation with intrauterine insemination results in significant improvement in pregnancy outcome. Poster presentation. American Fertility Society, 1992. Orlando FL
3. GnRH challenge test using the GnRH pump: a case report. Oktay K, *Manzi DL*, Luciano AA. Poster presentation, International Fertility Society, 1993. Ankura, Turkey.
4. Uterine receptivity to embryo implantation with elevated serum estradiol levels during superovulation with intrauterine insemination cycles. Poster presentation. American Fertility Society, 1993. Montreal, Canada.

5. The association of follicular growth rate and cycle fecundity in women undergoing superovulation with intrauterine insemination. Poster presentation. American Fertility Society, 1993. Montreal, Canada.
6. Anabolic effects of progesterone on fetal rat calvaria in tissue culture. Oral presentation. Society of Gynecologic Investigation, 1993. Toronto, Canada.
7. The medical complications of pregnancies achieved through assisted reproduction: multifetal pregnancies. Lecture, American Society for Reproductive Medicine, Postgraduate Course XII, 1995. Seattle, WA.
8. Leuprolide acetate a cause of luteal phase dysfunction in women undergoing ovarian hyperstimulation? Poster presentation, American Society for Reproductive Medicine, 1995. Seattle, WA.
9. The medical implications and the long-term complications for those patients achieving pregnancy through assisted reproductive technology or the use of donor gametes. Lecture, American Society for Reproductive Medicine, Postgraduate Course XII, 1995. Seattle, WA.
10. Circulating levels of inhibin A as a predictor of viable and non viable pregnancies. Byrd W, Ritter J, *Manzi D*, Carr BR, Rainey W. Oral presentation. American Society for Reproductive Medicine, 1997. Cincinnati OH.
11. Endometrial steroid receptor expression in conception and nonconception cycles during ovulation induction with hMG. Cote J, *Manzi DL*, Bewtra C, Dept. of Gynecology and Pathology, Creighton University School of Medicine. Oral presentation. United States and Canadian Academy of Pathology, 1996.
12. Disorders of Androgen Secretion Lecture. Osler Institute Ob/Gyn Board Review Course, July 1999.
13. Disorders of Sexual Development and Puberty Lecture. Osler Institute Ob/Gyn Board Review Course, July 1999.
14. The Effect of ICSI on Embryo Development and Pregnancy Rates in Cases Undergoing *In vitro* Fertilization and Day 5 Transfer. K Zeitoun, J O'Neill, D Minjarez, G Attia, BR Carr, W Byrd, *D Smith*. Poster Presentation. American Society of Reproductive Medicine, 1999. Toronto, Canada.
15. Levels of inhibin A and B in GnRH agonist Down regulated women prior to gonadotropin stimulation for *in vitro* fertilization are highly predictive of pregnancy outcome. *D Smith*, BR Carr, J O'Neill, G Ackerman, W Byrd. American Society for Reproductive Medicine 55<sup>th</sup> Annual Meeting, Sept 1999. Toronto, Canada.
16. Polycystic ovaries and metformin use. American Society for Reproductive Medicine. Roundtable. Oct 24, 2000, San Diego, CA.
17. Polycystic ovaries and insulin sensitizing agents. American Society for Reproductive Medicine Roundtable, October 23, 2001, Orlando, FL
18. Day 3 Inhibin B levels as predictors of outcome in GnRH agonist treated IVF cycles. D Hughes, G Atta, *D Smith*, BR Carr, W Byrd. Poster Presentation, American Society of Reproductive Medicine, 2001, Orlando, FL.
19. The use of chlamydia trachomatis IgG titers versus patient history in directing clinical care. HD Hughes, WD Schlaff, DL Smith, RJ Alvero. 58<sup>th</sup> Annual Meeting of American Society for Reproductive Medicine, Seattle, Washington, October, 2002.
20. Pregnancy outcome from an in vitro fertilization-embryo transfer IVF-ET cycle is not a predictor for frozen embryo transfer success. Poster presentation. L White, D Kelk, S Hahn, M Rosaria, D Smith, 59<sup>th</sup> Annual Meeting of American Society for Reproductive Medicine, San Antonio, Texas, October, 2003.
21. Hepatitis C in Assisted Reproduction. Program lecture. 59<sup>th</sup> Annual Meeting of American Society for Reproductive Medicine, San Antonio, Texas, October, 2003.
22. Does catheter type utilized for intrauterine insemination affect pregnancy rates. K Dorsey, C Foley, J Jones, A Konowal, D Kelk, D Smith, poster presentation. 60<sup>th</sup> Annual Meeting of American Society

Reproductive Medicine. Philadelphia, PA, October, 2004.

23. High peak serum estradiols during IVF-ET impair pregnancy and implantation rates. A Schmidt, S Hahn, L White, D Russell, D Kelk, D Smith. Oral presentation. 60<sup>th</sup> Annual Meeting of American Society of Reproductive Medicine, Philadelphia, PA, October, 2004.
24. Ovulation Induction: Controversial role of LH add-back. Roundtable, 60<sup>th</sup> Annual Meeting of American Society for Reproductive Medicine, Philadelphia, PA, October, 2004.

### **Presentations at Regional Courses or Meetings:**

1. Laparoscopic treatment of ectopic pregnancy: Advances in laparoscopic surgery, 1990. American Association of Gynecologic Laparoscopists, Farmington, CT.
2. Advances in laparoscopic surgery: infertility issues, 1993. Postgraduate Course, Creighton University Medical Center, Departments of Surgery and Obstetrics and Gynecology, Omaha, NE.
3. Update in ultrasonography, 1994. Postgraduate Course, Creighton University Medical Center, Departments of Radiology and Obstetrics and Gynecology, Omaha, NE.
4. Polycystic ovary disease, 1994. Grand Rounds, Creighton University Medical Center, Department of Ob/Gyn, Omaha, NE.
5. Use of transvaginal ultrasonography in gynecologic applications, 1994. Postgraduate Course, Creighton University Medical Center, Omaha, NE.
6. Hyperprolactinemia, 1994. Grand Rounds, Bergan Mercy Medical Center, Omaha, NE.
7. Use of color Doppler ultrasonography in gynecologic applications, 1994. Postgraduate Course, Creighton University Medical Center, Omaha, NE.
8. Contraceptive update, 1994. Midwest Medical Society, Annual Meeting, Omaha, NE.
9. Menopause, 1994. The Midwest Society of Nurse Practitioners, Annual Meeting, Grand Island NE.

### **On-going and Funded Research Projects:**

1. Selected utilization of leuprolide acetate in women undergoing superovulation with Intrauterine Insemination. Tap Pharmaceuticals. Completed 1993.
2. A multicenter, open label, randomized comparative study to evaluate the effect of Alesse and Loestrin Fe 1/20 on clinical and biochemical measures of androgenicity. Wyeth-Ayerst Laboratories. Completed 1998.
3. Endometrial steroid receptor expression in conception and nonconception cycles during ovulation induction with hMG. Tap Pharmaceuticals. Completed 1996.
4. A multicenter controlled trial of Goserlin Acetate (Zoladex) 3-month 10.8 mg Depot plus iron vs. sham plus iron for the preoperative management of premenopausal women with iron deficiency anemia due to uterine fibroids. Zeneca Pharmaceuticals. Completed 1999.
5. A multicenter controlled trial of Crinone 8% vaginal cream compared to intramuscular progesterone for luteal phase support in IVF. Wyeth-Ayerst. Completed 1999.
6. The effect of clomiphene citrate versus insulin sensitizers on ovulation and pregnancy in women with polycystic ovarian syndrome. Ongoing at UT Southwestern.
7. A Comparative Randomized Study of the Effects of Transdermal Contraceptive System and Three Oral Contraceptive Products on Ovarian Follicle Suppression and Endocrine Parameters Following Dosing Errors and After Proper Dosing. RW Johnson Pharmaceutical Research Institute. Ongoing.
8. Master Agreement for Clinical Sites for the Clinical Network for Contraceptive Research. NICHD. NICHD 2000-16 – A Randomized Controlled Study of the Efficacy, Safety and Acceptability of BufferGel. Phase II Study to Compare the Efficacies of CEB-2914 and Levonorgestrel in Emergency Contraception.
9. Utility of the Endometrial Biopsy in the Evaluation of the Luteal Phase. National Institute of Child Health and Development, National Reproductive Medicine Network Grant.
10. NICHD Cooperative Multicenter Reproductive Medicine Network, University of Colorado Reproductive Medicine Unit. 2000-2005
11. Mircette vs Alesse: Effect of Reducing the Pill-Free Interval on Folliculogenesis. Organon. Completed 2002.
12. Phase III Study of Depot Medroxyprogesterone Acetate Subcutaneous Injection (DMPA-SC) in Women with Endometriosis in U.S. and Canada. Pharmacia & Upjohn Company. Completed 2002.
13. A Multi-Center, Randomized, Controlled Clinical Trial Comparing the Safety and Efficacy of Abarelix Depot to Lupron® Depot 3.75 mg in Women with Endometriosis Associated Pain. Praecis Pharmaceuticals. Completed 2003.
14. A Phase II, 3 month, Randomized, Double-Blind Study to Evaluate the Efficacy and Safety of Three Doses of J867 (0.5 mg, 1.5 mg, and 5 mg) Versus Placebo in Subjects with Endometriosis. TAP Pharmaceuticals. Completed 2004.
15. A Multinational, Multicenter, Randomized, Double-Blind, Parallel Group, Active Controlled, Comparative Trial, to Assess the Endometrial Histological Profile Following Treatment with Tibolone (Org OD 14) Versus

Conjugated Estrogen (CE) Plus Medroxyprogesterone Acetate (MPA) in Postmenopausal Women. Organon Pharmaceuticals. Ongoing.

16. Efficacy and Safety of 2 Low-Dose Regimens of Conjugated Estrogen Cream Administered Vaginally in Postmenopausal Women with Strophic Vaginitis. Wyeth Pharmaceuticals. Ongoing.

17. C-reactive protein in Polycystic ovarian syndrome. Ongoing.

18. Benefit of a single antimullerian hormone level in infertility screens when compared to a CCCT. Ongoing.
