

New Patient Check List

_____ Request records from referring/previous doctors be sent to Colorado Reproductive Endocrinology prior to your first appointment. You will have to request these items due to the fact a written request is required to be signed by the patient before records will be released. This will allow our office time to review your history prior to your appointment. Enclosed you will find 3 medical release forms. **Please forward one to you referring doctor and have one to the hospital where your x-rays were done. Please do not send the medical release form back to our office.**

Please contact office 5 days prior to your appointment to see if medical records have been sent to us.

These must be obtained from the hospital where test was performed.

_____ Operative report/Pathology report

_____ Request x-ray films (hysterosalpingogram/HSG)

_____ Return Patient Information Forms

_____ Insurance referral from primary doctor; if needed

_____ Please send a copy of the front and back of insurance card.
