

2010 Treatment Costs

We do not charge different amounts depending on how you pay. We prefer to leave all options open to you. If your insurance covers IVF or donor egg, we will NOT charge you any additional administration fees.

Intra-uterine Insemination	\$376
In Vitro Fertilization (IVF)	
Initial work-up (if no insurance coverage for testing)	\$500-\$1,000
IVF stimulation and monitoring, egg retrieval, fertilization and incubation, and embryo transfer	\$11,822
Anesthesia	\$400
Medication (paid to pharmacy)	\$2,000-\$6,000
Possible additional costs for IVF:	
ICSI (sperm injection into eggs (for low sperm counts))	\$2255
Freezing of extra embryos	\$759
Assisted Hatching	\$416
Transfer of Frozen Embryos (medications not included)	\$2507
Donor Oocyte Cycle	
Donor testing, stimulation and monitoring, egg retrieval, fertilization and incubation, and embryo transfer.	\$25,425
